Subject: Ride Sharing

I support ride sharing in South Carolina and I think it's wrong to try to prevent Uber from continuing their business. Every ride I have ever received from Uber was far above any taxi ride that I've had. The taxis in SC will rob you and take advantage of you. Uber provides clean and friendly rides that I rely on if I go out to dinner & drinks with friends. Do not take the one thing that keeps so many of us responsible. If I have to take a taxi...I'll just stop going out all-together.

Please take this into consideration.

Best Regards,
Audrey A. Gore

Subject: Remove the C&D Against Uber

I agree with our Governor that the PSC has acted too strongly against Uber and hope it will remove the Cease & Desist order immediately. A fair balance should be found, but allow the company to continue its business and valuable service while those details are negotiated.

Subject: Uber Needed in SC

Hi,

I am writing to state that I am a regular Uber user since its existence. Uber is my way around town when I don't have a ride. It is very simple and safe to use and I would be greatly affected if the convenience of Uber is taken away from me. Please don't take Uber away from myself, as well as the other thousands of regular users in SC.

Thank you,

Ehsan K.

Please don't go down the road of limiting competition because of tradition. SC excels because we are never afraid to endeavor to do better.

Uber is a innovative way to satisfy a market that wants them. Work out the details and welcome them to our great state!
